DETAILED ACTION

Response to Amendment

1. Applicants' amendment filed September 23, 2004 has been entered. Claims 1, 5-6, 11-12, 15, 30-31 have been amended. No new claims have been added. Claims 1, 4-6, 8-9, 11-12, 15, 19, 23-25, 30-35 are pending in the instant application.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a process for manufacturing a honeycomb structure having part of the cell ends on an end surface closed including, fabricating a honeycomb structure, attaching a film to an end surface of said honeycomb structure to cover at least a part of the cell ends, forming through holes by thermally melting or burning off the film using a high-density energy beam, dipping the end surface in a slurry that enters the cell ends by way of the through holes and hardening the slurry, wherein the positions to be irradiated with the high-density energy beam are determined based on the positional information of the cell ends acquired by an image processing means, wherein the positional information of the cell ends is produced by segmenting the end surface of the honeycomb structure body into a plurality of blocks, for each of which the image data for an area including the particular block and a portion duplicated with at least a part of an adjacent block is collected, and the image data for all the blocks are coupled to each other by superposing the duplicated areas to thereby produce the positional information on the cell ends for the entire end surface.

Art Unit: 1732

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
